## R/C Wall Climber Beetle

Give your family and friends a fright when they see this lady beetle scurry across the walls and even ceilings! The ultra lightweight insect body coupled with a powerful suction fan, lets you zip along walls and ceilings at full speed - enough to challenge the real thing! Sure to sell quickly, this zero gravity remote controlled lady beetle makes a great gift for family and friends of all ages. Features Zero gravity RC wall climbing insect Infrared remote control Vertical/upside down walk Mini, compact size for best action play Drives on your floor, ceiling and walls Full Function: Forward, reverse, left/right turn, spin Flashing LED lights.

This great new wall climbing RC Toy gadget certainly kicks it up a notch! Its insect characteristics along with being able to drive it on walls and ceilings makes this anti gravity RC toy the perfect Halloween and novelty gift for anyone.

The wall climbing Beetle / Lady Bug RC toy runs off a rechargeable internal battery that can be charge via the IR remote controller **(or via your computer / laptop with the USB cable)**. The IR remote control runs off 6 AA batteries (Not Included), along with two joy stick controls for versatile manoeuvrability that gives the Beetle / Lady Bug RC Toy the naturalistic manoeuvring features that makes it special.

To consume battery power, the wall climbing RC toy comes with two mode functions. Turn the switch right to the (W) sign, and the suction that enables the Beetle / Lady Bug RC Toy to stick to walls and ceilings will be activated. Alternatively, you can turn the switch left and use this function when only operating the RC toy on the floor.
